

**How many kids can utilize the inflatables at one time?**

As a rough average, there can be seven to eight kids on an item at once, but it really depends on the size of the children. What keeps the inflatables the safest is separating big kids from little kids.

Are your units safe?

Our units are constructed of industry standard vinyl, fire retardant, and include an inflated safety ramp/step on the bounce structures.

Each unit is equipped with blowback valves on our blowers, and we tie down the units using the appropriate stakes (18 inch) and/or

Sandbags. Remember, ADULT SUPERVISION IS A MUST! This will insure that a few simple rules are followed (be kind and respectful of other people's space) and everyone will have a FUN & SAFE time!

Are your units clean?

Yes! We clean them between uses and request that renters please refer to their agreement terms and remember to keep food and drinks, and gum and candy, AWAY from the rentals. We will charge a cleaning fee for excessive cleaning because we need to make sure every renter receives a tip top item! See your agreement for details.

Are your delivery staff as awesome as your rental items?

Absolutely, we believe in paying a fair wage for excellent customer service, delivered by our polite and knowledgeable staff.
